Berlin, Germany · Policies, Markets & Finance, Marketing & Sales
- ▶ **PV Power Plants – USA 2012** 28/29 November 2012
Phoenix, AZ, USA · Technology, Production, R & D, Markets & Finance, Marketing & Sales

Your Gateway to the Solar Sector

We can open the door to the market for you!
By taking up one of our sponsorship packages, you will ensure excellent visibility for your brand to the players of the solar industry and its suppliers, as well as to the political, media and financial worlds. Take this opportunity to expand your business ties with the sector's decision makers!

Testimonials

PV Power Plants – EU 2010, Prague

► “We are working very hard in the Eastern European market and, not least through our presence as a sponsor of the conference, have been able to initiate many promising contacts. The breadth of topics of the conference was impressive!” Aleksander Buchanec, Sunfilm

Forum Solarpraxis 2010, Berlin

► “The timing of the conference is perfect. The speakers are professional, the program is very interesting, and we made many promising contacts with the high-level attendees.” George Yang, Deputy Director Sales & Marketing, Changzhou Eging Photovoltaic

PV Power Plants – USA 2011, Phoenix

► “The Solarpraxis PV Power Plants 2011 conference in Phoenix provided the chance to learn about large-scale PV plants from various industry leaders. There was a good mix of policy, planning, development, construction, and operations along with many networking opportunities for deeper one-on-one discussions.”

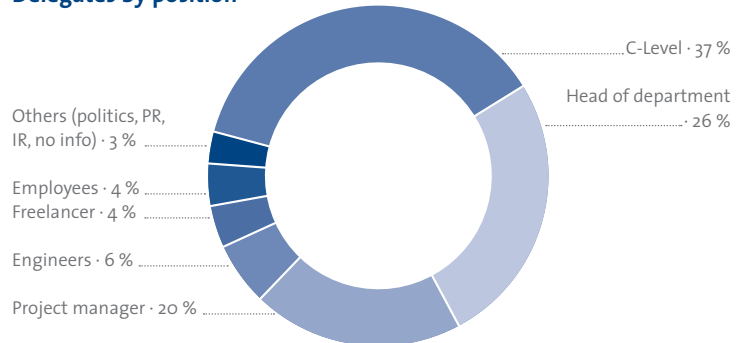

Benjamin Compton, meteocontrol

Thin-Film Industry Forum and Solar Meets Glass 2011, Berlin

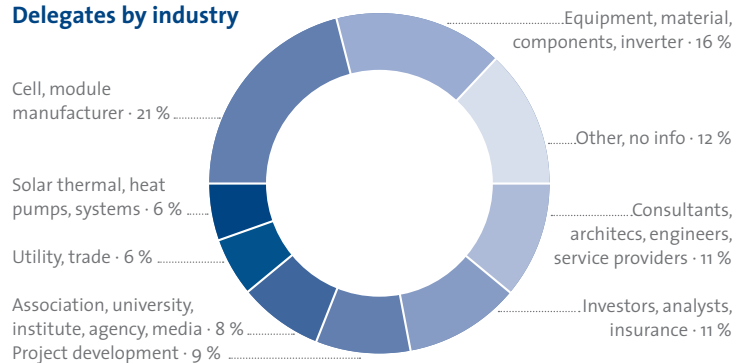

► “For us ... Solar meets Glass is an ideal forum to be able to speak directly with our customers about current issues, innovations and solutions. The intensive exchanges ... result in a much better understanding and enable both the glass industry and the solar manufacturers to appreciate the others' perspectives or needs, so that we can build on common approaches to cost optimization and technological improvement.” Dr. Diane Nicklas, Saint-Gobain Solar

Facts and Figures about Solarpraxis Conferences Attendees

Delegates by position

Delegates by industry

Solar Industry Summit – India 2011, Mumbai

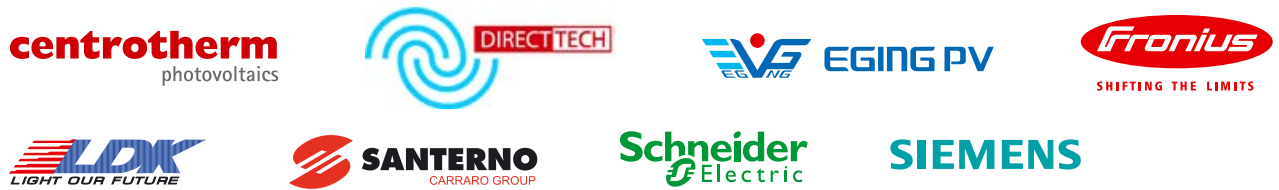

► “We had countless very promising discussions with high-quality and interesting companies and anticipate good business in India. For this reason, participation was more than worth it for our company.” Karl-Heinz Fischer, Director, Sales & Marketing, Roth & Rau CTF Solar GmbH

2nd Inverter and PV System Technology Forum – EU 2012, Berlin

► “A professional organized conference with first of all well structured presentations, excellent possibilities to network and finally good opportunities to discuss the driving topics of the solar market with like-minded professionals in a nice surrounding.” Mirko Lampe, Siemens AG
